REPORT OF ANALYSIS OF FEEDBACK CURRICULUM

The feedback was designed to get the opinion of the Students, Alumni, Parents and Teachers on the curriculum. The parameters on which the questionnaire was designed included the difficulty level, the relevance, practical application and the contemporariness of the curriculum.

Students Feedback on Curriculum

Considerable number of students stated that the course content is in-depth and the coverage is also extensive. They further stated that the learning value in terms of knowledge is also good.

Alumni Feedback on Curriculum

Majority of the Alumni stated that the learning at the college level was useful for their career. They expressed positively that the present updated syllabus is relevant in the current scenario.

Parents Feedback on curriculum

The parents are satisfied with the curriculum as it is relevant in the current scenario. They also stated that the teaching pattern in the college made them more confident in appearing for exams and thereafter.

Teachers Feedback on curriculum

The Teachers agreed that the syllabus content is at par with the current industry standards. They also agreed that credits allotted and outcomes are appropriate.
